TS007:2014

TS007 is a standard developed in response to concerns over Cylinder attacks. The standard is characterised by a 3 Star rating system, and can be achieved by combining a 1 Star Cylinder with a 2 Star security door furniture solution or by using a 3 Star stand alone Cylinder.

This standard is endorsed by the Door and Hardware Federation, BSI and Secured by Design, offering the very best level of Cylinder security for your door.

Yale recommend using a Platinum Series 2 Star handle in conjunction with a 1 Star Cylinder from the Yale KM series or a 3 Star Platinum Cylinder, providing the best level of protection against Cylinder manipulation attack.

TS007 Handle + KM Series Cylinder = 3 Star Solution

The Yale Safe collection has been designed to provide just that. As one of the world's best known and preferred leading lock brands, we follow our mission to help consumers live more carefree lives. So we have combined the latest technologies and materials with centuries of experience to create safes that meet the most demanding requirements.

Fire Safes

Yale Fire Safes have been designed with your peace of mind in focus. The entire range has been built and tested to withstand intense heat of 927 degree Celsius, humidity and resist attack, leaving you in the knowledge that your most important documents are in good hands.

Yale Fire Safes are built with the latest technology in fire insulation, which provides a high security rating and allows more room for your valuables inside your safe, due to the thinner wall thickness.

In addition to the Yale Fire Safe, there is the Yale Data Fire Safe that contains an additional "safe within a safe" insulation layer. This protects extra sensitive digital data, whether this be on an external hard-drive, phone and smart tablets.

Key features

- Tested to withstand minimum 1 hour of intense heat at 972 degrees
- Emergency battery opening and low battery alarm signal (9V battery not supplied)
- Touch screen keypad with over 1 billion possible codes

Additional features

- You can choose between 1 - 48 hours lock down mode for added security whilst away from home
- The option to switch the sound off when entering the code or when the safe is opening
- Hinge protected for extra security - locking points on both sides of the safes, 16mm locking bolts in the frame and 18mm fixed bolts on the hinge side

In these Conditions, "the Seller" means Yale whose registered office is at School Street, Willenhall, West Midlands, WV13 3PW acting as agent for and on behalf of ASSA ABLÖV Limited company number 2086505 whose registered office is at School Street, Willenhall, West Midlands, WV13 3PW; "the Purchaser" means the person, firm or company from whom an order is accepted by the Seller; "Contract" means the contract formed pursuant to condition 2(a). "Goods" means any goods supplied by the Seller to the Purchaser under the Contract; "Minimum Carriage Paid Order Value" means the minimum carriage paid order value as set out in the Seller's price list at the date of the Purchaser's order; "Minimum Invoice Charge" means the minimum invoice charge as set out in the Seller's price list in force at the date of the Purchaser's order; "Order Acknowledgement" means the Seller's written acknowledgement of the Purchaser's order.

2. CONTRACT FORMATION

a) The Purchaser's order to the Seller is an offer to enter into a contract to purchase Goods from the Seller on these Conditions. Acceptance occurs and a contract is formed only upon the Seller despatching to the Purchaser its Order Acknowledgement. A quotation by the Seller does not constitute an offer. b) These Conditions comprise the only terms and conditions upon which the Seller will do business with the Purchaser and shall prevail notwithstanding any terms or conditions contained in any purchase order, acceptance of estimate or quotation or other document proffered at any time by the Purchaser or otherwise brought to the Seller's attention by the Purchaser. c) No variation to these Conditions shall be binding unless agreed in writing by the Purchaser and a director on behalf of the Seller. d) The Seller's employees and agents are not authorised to make any representations concerning the Goods unless confirmed in writing by a director on behalf of the Seller. In entering into the Contract the Purchaser acknowledges that it has not relied on any such representations which have not been confirmed in writing by a director on behalf of the Seller.

3. PRICE

a) The price for the Goods shall be as set out in the Seller's price list in force at the date of the Seller's despatch. The Seller reserves the right to vary the price of the Goods by any amount attributable to: i) any variation in the cost of materials, labour, transport, duties, taxes, exchange rates or any other costs of whatsoever nature between the date of the Contract and the date of delivery or collection (as the case may be) of the Goods; and/or ii) a change in or delay or insufficiency of the Purchaser's instructions. b) The Purchaser shall not be entitled to make any deduction from the price of the Goods in respect of any alleged rights to set off or counter-claims unless both the validity and the amounts thereof have been expressly acknowledged and admitted in writing by a director on behalf of the Seller. c) If, pursuant to the provisions of condition 5, the Goods are to be delivered to an address within the United Kingdom, the price for the Goods is inclusive of the costs of standard packaging and the costs of delivery to such address, subject to the Minimum Carriage Paid Order Value at the date of the Purchaser's order. Where the net price of the Goods is less than the Minimum Carriage Paid Order Value, a surcharge of 100 per cent of the carriage costs will be payable by the Purchaser in addition to the price for the Goods. d) Subject only to the provisions of condition 3(c) above, unless otherwise agreed in writing by a director on behalf of the Seller, the price of the Goods is exclusive of the costs of packaging, freight, insurance, delivery charges and all applicable taxes and duties, tariffs and charges of any nature whatsoever imposed in any country or territory, either directly or indirectly, in respect of the sale or supply of the Goods, or payments for them. In particular, without prejudice to the generality of the foregoing, the price of the Goods is exclusive of Value Added Tax. All such additional costs shall be payable by the Purchaser in addition to the price for the Goods. e) Where the price for the Goods is less than the Minimum Invoice Charge at the date of the Purchaser's order, the Minimum Invoice Charge will be payable by the Purchaser instead of the price of the Goods (provided that, if all such Goods are cut prices, the Minimum Invoice Charge will not be imposed).

4. PAYMENT TERMS

a) Subject to satisfactory trade, bankers and other references which may be required by the Seller, and where no other terms of payment have been specifically agreed in writing by a director on behalf of the Seller, payment for the Goods shall be due in cleared funds in pounds sterling by the 25th day of the calendar month following the month of issue of the Seller's invoice therefor. In the case of export orders only, unless otherwise specifically agreed in writing by a director on behalf of the Seller, payment for export orders shall be by irrevocable letter of credit confirmed by a London Clearing Bank and issued under Incoterms 2000. b) Time for payment of the price shall be of the essence of the Contract. c) Failure by the Purchaser to pay any sums owing to the Seller under the Contract or any other contract will result in all indebtedness of the Purchaser to the Seller becoming immediately due and payable. d) The Seller may at any time in its absolute discretion appropriate any payment made by the Purchaser in respect of Goods to such outstanding debt as the Seller thinks fit, notwithstanding any purported appropriation to the contrary by the Purchaser or the Seller. e) Without prejudice to any other rights or remedies of the Seller whether hereunder or otherwise at law or in equity, late payment of any amount due to the Seller shall entitle the Seller to charge interest on such amount from the date on which payment became due until the date on which the Seller receives payment in full of such amount (whether before or after judgment has been obtained by the Seller against the Purchaser at the interest rate in force pursuant to the Late Payment of Commercial Debts (Interest) Act 1998 at the time interest becomes chargeable. f) The Purchaser shall indemnify and keep indemnified the Seller from and against any and all charges, costs, expenses and other liabilities whatsoever and howsoever incurred by the Seller or its agents as a result of any failure by the Purchaser to make payment in accordance with the provisions contained in this condition 4, including (without limitation) any costs incurred by the Seller or its agents in the collection of any monies due to the Seller. g) Without prejudice to any other rights or remedies of the Seller, whether hereunder or otherwise at law or in equity, the Seller reserves the right at any time in its absolute discretion: (i) to suspend further deliveries; (ii) to cancel any allowance of further credit; and/or (iii) to demand security for payment before continuing with an order or delivering Goods or any instalment; and/or h) to cancel the Contract and/or any other contract between the Seller and the Purchaser in the event of any payment not being made when due, or if the Seller, in its sole discretion, has at any time concerns regarding the financial circumstances of the Purchaser.

5. DELIVERY AND RISK

a) Any period or date for delivery stated in the Purchaser's order or the Order Acknowledgment or elsewhere is an estimate only and the Seller will not be liable to the Purchaser for any loss or damage sustained by the Purchaser as a result of the Seller's failure to comply with such delivery periods or dates. The Purchaser shall not be entitled to refuse to accept late delivery or to treat late delivery as a breach of contract. b) The Seller may at its option deliver by instalments. Neither failure on the Seller's part to make any delivery (or part delivery) in accordance with the Contract, nor any claim by the Purchaser in respect of such delivery (or part delivery) shall entitle the Purchaser to reject the balance of the Goods. c) In respect of export sales, unless otherwise agreed in writing by a director on behalf of the Seller, Goods shall be delivered EXW Willenhall (as such term is defined in Incoterms 2000) and accordingly delivery shall take place and risk in the Goods shall pass from the Seller to the Purchaser when the Goods are placed at the Purchaser's disposal at the Seller's premises at Willenhall.

d) In all other cases, delivery shall take place and risk in the Goods shall pass from the Seller to the Purchaser: i) if the Purchaser's order specifies that the Purchaser will collect the Goods from the Seller's premises, on the earlier of the Seller handing the Goods to the Purchaser or its agent at the Seller's premises, or (provided that the Seller has not repudiated the Contract in accordance with the provisions of condition 5(e)), the eighth day following notification by the Seller to the Purchaser that the Goods are ready for collection; or ii) if the Purchaser's order specifies that the Seller will deliver the Goods to an address within the United Kingdom, on the day specified in the Seller's order, or, if no date is specified, on the day specified in the Seller's order. e) Where the Goods are ready for delivery or collection the Company may agree to postpone temporary delivery or collection at the request of the Purchaser provided that the Purchaser pays the full price of the Goods to the Seller immediately. The Seller may, at its option, either store the Goods itself or have them stored by a third party on such terms as it in its absolute discretion thinks fit. The cost of storage and any additional transportation will be added to and shall form part of the price. f) If the Purchaser fails to accept delivery of the Goods or if the Purchaser fails to collect the Goods on the seventh day following notification of readiness for despatch or if a director of the Seller does not agree in writing on behalf of the Seller to postpone the date of delivery or collection, the Seller shall be entitled at its option and with no liability to the Purchaser to treat the Contract as repudiated by the Purchaser. If the Seller elects to treat the Contract as repudiated in accordance with this Condition 5(f) it shall (without prejudice to its rights and remedies in respect of such repudiation) be entitled to sell the Goods and retain the proceeds of the sale.
